Deck Storage – Storage on your decks is limited to deck furniture and flowers/plants. No garbage is to be kept on the decks at any time.

Landscape:

Due to the number of very mature trees as well as spruce bark beetle-damaged trees in need of assessment, the board decided to initiate a landscape plan. Board member Melissa Fouse has done an inventory of the trees and shrubs on the interior grounds. An initial assessment of dead trees led to the smaller ones being removed during the summer. There will be an arborist reviewing the larger trees that are under stress as well as discussion about replacement species. Special care will be taken to ensure lines of sight continue to be more of trees than of buildings. The board feels the courtyard is a great asset of the property and intends to ensure its health and continuing attractiveness.

Melissa Fouse is interested in comments. You may write her at melissaPiedmontW@icloud.com
